## Save. The. Date.

After a fruitful trip to Cuba, plans are already being made for the next trip. Needless to say, Tony was ready for us to come back as we were leaving the airport! As we make plans in life, we often "save the date." We mark calendars, make invitations and do our best not to forget to attend life's most important events.

As a ministry, we want you to always be aware of how God is blessing our ministry through you and how we would love to see you every time we can.

Several of you joined us at SOAR a few weeks ago and it was an incredible event. Some of you are joining us in Honduras and we are excited to leave in a few weeks. Some dates are fixed in our lives and some dates are yet to come. We serve a God who allows us to make some plans and we trust His Spirit is guiding us in all we do. One of our goals is to help others save special dates.

As you can see in the picture above, there was a very special day in Cuba for 11 who put on Christ in baptism while we were there.. That is a date that will be

saved for eternity. This is always the ultimate goal.

All of our events, trips and plans center on sharing the story of Jesus and helping others join us in the cause.

You will see on the right a few opportunities you have to join us for dinner or a trip. It is never too early to save the date! God continues to bless us with open doors and open hearts. and we want you to join us! Thank you for being a faithful donor. Thank you for sending us and for praying for all these efforts. We are still in need a more funds to put beds in the houses we are building in June so if you are able to give a little extra this month, \$150 would put one bed in a house to keep a few kiddos from sleeping on the floor. We will building at least 4 houses but plan to build 5-6.

Finally, if you have social media, we would love to connect with you weekly on all God is doing through our outreach in the U.S. If you have any questions, please let us know! May God bless us all in the richest of ways as we serve Him together!
